Description

This exquisite hard-cover coffee table book is a must for anyone who treasures the San Juan Mountains mining history or who appreciates fine art black and white photography. The book contains over a hundred images of Thomas Livingstone's favorites from his photographic series along with some of the history, poetry, and historic quotes of the San Juan Mountains. This timeless book will be cherished for years to come, long after many of these "Historic Treasures" are gone, preserving what once was for generations to come.
